It would take more time than anybody has around a daily news shop to think of the right things to say about Walt Disney.

He was an original — not just an American original — but an original, period. He was a happy accident—one of the happiest this century has experienced. And judging by the way it's been behaving, in spite of all Disney tried to tell it about laughter, love, children, puppies and sunrises—the century hardly deserved him.

He probably did more to heal, or at least to soothe troubled human spirits, than all the psychiatrists in the world. There can't be many adults in the allegedly civilized parts of the globe who did not inhabit Disney's mind and imagination, at least for a few hours, and felt better for the visitation.

It may be true, as somebody said, that while there is no highbrow in a lowbrow, there's some lowbrow in every highbrow. But what Walt Disney seemed to know, was that while there is a little grownup in a child, there's a lot of child in every grownup. To a child, this weary world is brand-new, gift-wrapped, and Disney tried to keep it that way for adults.

That French magazine had a point, two years ago, when it proposed Disney for the Nobel Peace Prize. And President Johnson had the right instinct when he gave Disney the Presidential Medal of Freedom.

By the conventional wisdom, mighty mice, flying elephants, Snow White, and Happy, Grumpy, Sneezy and Dopey, all these were fantasy—escapism from reality. It's a question whether they are any less real, any more fantastic, than intercontinental missiles, poisoned air, defoliated forests and scrap iron on the moon. This is the age of fantasy, however you look at it. But Disney's fantasy was not lethal.

Today, people are saying we'll never see his like again. We'd better.

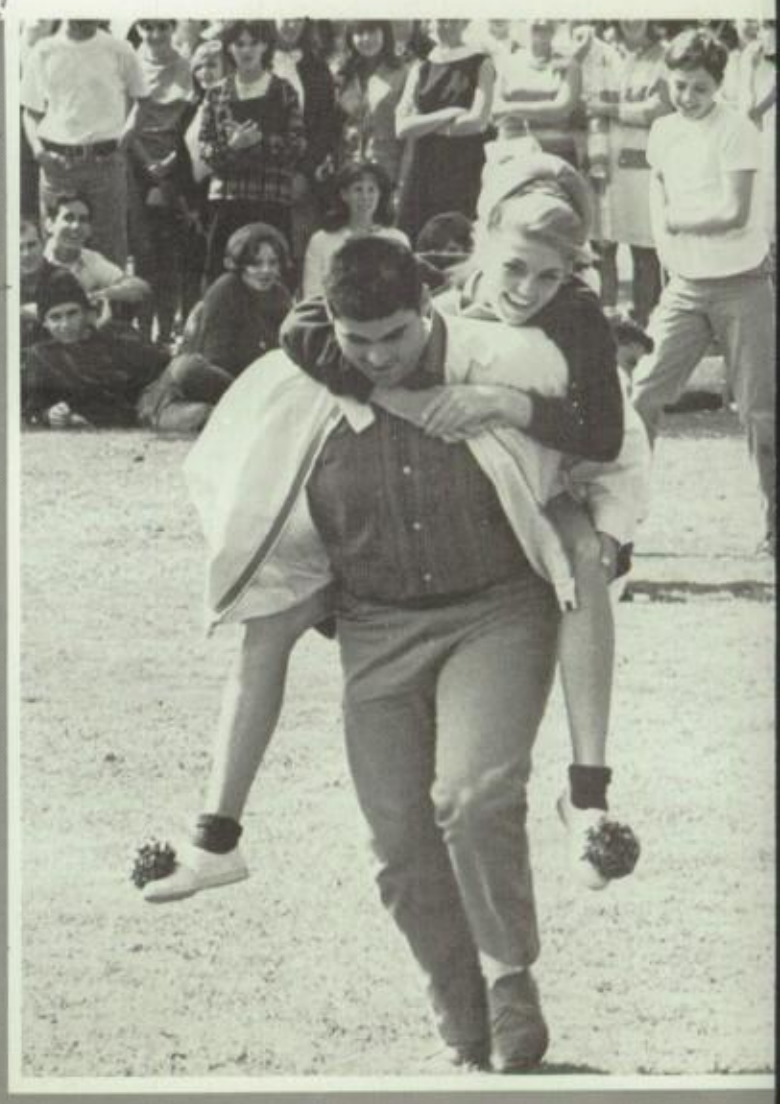
Message from the Principal . . .

The "Vikings of the Valley," led by the Praetorian and the Ceresian senior classes, have once more demonstrated that James Monroe High School richly deserves its reputation for excellence. Students, faculty, parents and community have combined in working toward the goal of a full and rewarding school experience for each student. We have been successful in interscholastic athletics, in academic competition, in outstanding productions by our performing groups, in the every day, orderly carrying out of the usual tasks of education. We can all be grateful for the good fortune that is ours to work and to learn in a stable community which provides all of the opportunities for a complete high school education.

I feel very proud of the consistent efforts of all as the crew of the Viking ship continues to "Achieve With Honor."

Mr. E. A. Miller



Miss Geraldine Schwaderer and Mr. Larry Foster, Viking Vice Principals.

Dear Dotty, Let me write small so I can get everything in. I've never been happier in PE then this past year. We have ~~e~~ laughed so hard & so much, that we've brought happiness to each other, each time we've been upset. Dotty your a wonderful girl, with a darling face and personality. I hope sincerely that we will be able to continue our friendship. Lots of luck with your car & your career. I hope we get together this summer, if we don't I'll miss you! Health, happiness & luck to you always

Love
Marie

Everybody asks me what I like best. I really don't know because everything is interesting and new. It is also different than I thought before I came to the United States, and I soon realized that this year abroad would be one of the greatest experiences I could ever have. First I learned a new language and then I understood other customs, another way of life.

I'm glad I spent this year at Monroe. Its spirit is just tremendous and the students are very friendly. I really appreciated their help at the beginning when I had trouble with the language.

When I return to Switzerland, I will miss Monroe and all my fellow students but above all I will be able to tell my friends in Switzerland how Americans really are and how much fun I had at Monroe.

Max Burri
Motier, Switzerland

It's A Small World

Coming to live in a foreign country with a different language brings a lot of changes in surroundings and the way of life. In spite of this, there was no problem at all for me to feel at home at Monroe.

Even though the size of the school confused me in the beginning (my German school has around 200 students about my age), I like Monroe very much. Everyday I live here my stay gets more pleasant, for I'm improving my knowledge and understanding of America. Besides that, who doesn't like living and having fun in Southern California? I really enjoy living in my new country and in my new home, and I want to thank everybody who helped make this unique experience a rich one.

The Monroe Doctrine

The DOCTRINE closes out it's ninth year of publication with the graduation of the Ceresian class. Each year the DOCTRINE tries to stand behind a different policy. This year's goal was that of student body communication. As most students may have noticed. Student council was a prime target of DOCTRINE opinion. DOCTRINE felt that most students at Monroe did not know what student council stood for. DOCTRINE also dealt with other problems which directly concerned the student body.

Under the sponsorship of Mr. Bernard Feuerman, the staff members received a first class newspaper rating by the National Scholastic Press Association. This classes the DOCTRINE with some of the best high school newspapers in the United States. The DOCTRINE is, to many critics, one of the best looking papers in the city of Los Angeles. The Appearance can be attributed to Mr. Richard Weber, and his staff of printers, who, have, in their ninth year, developed a unique printing style.

Next year, and in future years, the members of DOCTRINE STAFF will continue to strive for the journalistic quality which makes the DOCTRINE one of a kind.

Boys' And Girls' State

Boys' State—Jeff Jones

This year as I understand it, Monroe sent the second largest delegation of any high school in the state to California Boys' State. This status is just a reflection of our school's many achievements. We can be proud of these accomplishments.

We six delegates, Gary Anicich, Lee Hartman, Ron Kadish, Doug McCaleb, Paul Smith, and myself, Jeff Jones, arrived at the California State Fairgrounds along with eight hundred-fifty other boys who were representing high schools from throughout the State. This was the twenty-ninth time that the California branch of the American Legion had sponsored this very valuable eight day summer program.

Each boy was assigned to a political party, either Federalist or Whig, and each boy was also put into a city and county. The basic structure of the events had been completed even before we arrived. I for example, was a Whig who lived in the city of Jordan, which was in Dukes County.

City governments were set up right after the campaigns for office and later the same was done for County governments. As the campaigns for State offices were beginning the spirit and interest in the entire program was going full force. Party conventions were held, campaigns flourished, and then the final election convention occurred. It is interesting to further note that during the week at Boys' State there were nine assemblies of either entertainment or educational value.

I could spend a long time explaining the intricate structure of this wonderful program and telling some of the many great experiences which I had. But it is more important for me to discuss the aspect of Boys' State which was most evident.

Atmosphere was the overriding condition that made Boys' State so successful. It was the pervading attitude of hundreds of boys desiring to educate themselves while having fun at the same time. At Boys' State textbooks were unnecessary; we learned by doing.

It was a great honor for me to represent Monroe at Boys' State, as it was for all of our delegates. I can only hope that many Monroe boys will be honored in an identical way in the future.

I urge every eleventh grade boy, who wishes to learn much about our government and much more about good citizenship to apply for Boys' State. It is definitely an invaluable, unforgettable experience.

Girls' State—Diane Andersen

California Girls' State is a national youth-in-government program sponsored annually by the American Legion Auxiliary. The sponsorship of this program, in which all states participate, is a direct effort by the American Legion to provide citizenship training for a selected group of high school girls. Two representatives from each Girls' State, the governor and senator elect, then go on to Girls' Nation held in Washington, D. C. Girls' State sessions are held on the Campus of the University of California at Davis. The girls sleep in the Residence Halls, two girls to a room.

Girls' State was by far the greatest experience of my life. I will never stop benefiting from my experiences there and the friends I acquired will never die. I learned much about the complex California government which will be beneficial when I begin to vote and which is so helpful now in teaching me to understand the United States government as a whole. We, at Girls' State, learned how the government works by forming our own cities, counties, and state, and then electing our officials for these different governmental levels. Learning through this personal participation made it interesting as well as informative.

The more Girls' State taught me about our government the more I realized that there is no danger greater to the American people than our own ignorance. We must vote knowingly and failure to vote is a negative vote. Man takes risks when he fails to use his rights. He brings about his own destruction. People must work in politics to gain whatever they want whether it is to raise standards or to lower taxes. It is necessary that we, the American people, recognize our government as our servant and use it as such. We must also realize that we have an obligation to our community, state and nation.

One hundred percent Americanism is stressed at Girls' State. This is so meaningful and important. The one thing I found most impressive was the respect that was emphasized for our flag, our national symbol of the democratic process. It was so beautiful to see all the girls at attention with their hands placed over their hearts when the Marines presented the colors. I wish I could express my feelings at that time. It was so quiet and the only thing moving was the flag and it seemed as though the American flag held control over everyone and was of the utmost importance. It seemed to show exactly how much important our United States government is in the world than we realize and how important our part is in it.

I sincerely urge every eleventh grade girl to apply for Girls' State because it is truly a rewarding experience.

Ron Kadish, Lee Hartman, Gary Anicich, Paul Smith, Doug McCaleb, Jeff Jones, and Diane Andersen

Sparked by the outstanding performance of Bob Preston, the Monroe Varsity Football Team moved to second place in the East Valley League. Finishing with an overall record of 6-2, they were dealt losses by only San Fernando and Reseda, who were rated second and fifth in the city.

After the two losses, which came at the start of the season, the Vikes proceeded to tear up the rest of the league. Preston set all valley records in three departments, as he notched up 162 points while barrelling for 27 touchdowns. His 1,431 yards supassed any other mark in the city, and against North Hollywood he broke his own valley record of 45 carries.

The front line proved to be one of the best in the city, as stout blocking and rushing helped the gridders attain their fine record. Gene DeMay, Bob Rogers, Vince Pasquerillo and Mark DiCenso were most effective in their line play. The season ended on a thrilling note, as the Vikes went way out in front of the Grant Lancers, only to have them come within seven points of a victory as the final score was 27-21. —CARL JANOWITZ

The 1966 Bee Football team, considered by Coaches Richard Raymond and Bernard Sherman to be the best squad ever assembled at Monroe, smashed all its opposition on the way to the East Valley League championship and a 7-0-1 record.

The sparkplug of the team was halfback Steve Riccitelli, who tore apart the league while racking up three city records, two of them achieved against Grant when he ran for seven touchdowns and 225 yards. He surpassed the old city rushing record of 1,511 yards set in 1960 by accumulating a total of 1,531 yards. His final statistics also reveal a sum of 23 touchdowns and 138 points which tops the old mark of 19 touchdowns and 114 points. As a team, the Bees set a school record for one game when they clobbered the Grant Lancers, 66-0, in the final game of the season.

Offensively, quarterbacks Bill Abrahmsohn and Tim Fuller guided the team with a lot of poise and know-how. Rounding out the backfield were Craig Shelton and Nate Wallace, who also did very fine jobs in their positions. Pat Coghlan, Ray Helberg, Carmen Barbaro, Craig Canning, Kurt Andrews and Mike Baldewicz made up the offensive line without whom Riccitelli couldn't have set all his records. Don Harris, Ira Barnes and Jim Shaeffing rounded out the starting offense at the end positions. Throwing some of the hardest tackles on the defensive line was Jim Tyndale, who was outstanding as a defensive end.

The offensive averaged 30.3 points a game while the defensive allowed a mere 3.1 points per game during the entire season, an outstanding record put out by an excellent, CHAMPIONSHIP TEAM.

After starting the season on a sour note, with losses to Reseda, Granada Hills, and San Fernando, the Monroe Varsity basketball squad came back in great fashion to attain a second place tie with Grant in the East Valley League. Although they were beaten 62-56 by Gardena in the first round of the city playoffs, the Cagers showed great effort and also much individual talent.

Bill Barnard finished the season with a 20.8 scoring average, and played his heart out throughout the entire campaign. His play was one of the most important factors for a successful season.

Ed Burlington, nick-named "Choo Choo", fit his title well, as he was the number one hustler on the team, as well as being captain. Along with Burlingham in the front court was Dave Richter, who did a fine job and then later in the season Gene Tuttle came in to play exceptionally well, especially in the boards.

In the back court, Doug DeCinces worked with Jeff Siegler to give the Vikes a well balanced team. DeCinces will return for another season, and Siegler is currently at Valley State. The rest of the team was comprised of Gary Coulon, Steve Sivley and Steve Winogradsky, who all helped out at one time or another.

Coach Rankin's squad was perhaps the best East Valley representative, and had a most rewarding season, finishing with a 9-3 mark in league competition.

This season, Monroe moved from the East Valley League to the new Mid-Valley League. The new league, which consists of Birmingham, Granada Hills, Monroe, San Fernando and Sylmar, offered the Monroe track team the hardest competition it has ever been up against. San Fernando and Sylmar, which transferred over to the new league with Monroe, were the two hardest competitors during last years East Valley League track season. Birmingham and Granada Hills had many outstanding juniors returning from their last year's squad who made the 1967 track season a very difficult one for Monroe.

Filling the spikes of the old varsity sprinters were Jim Bridges and Joe Costa. Other sprinters included Bob Volpe and Chris Lench in the 100 and Jim Estes, Steve Ellsworth and Volpe in the 220. Estes was the biggest star Monroe had, as he ran a 1:58.6 practice time in the 880. This is an extremely fast timing, considering that Jim got to last year's city finals wtih a 1:55.3.

In the long distances, Hans Wollin, Don Steemke, Mitchell and Estes teamed up in the four-man mile relay. In League competition, Klaus Gertslauer, Bill Gleich and Bob King ran the mile. The two mile featured Mike Cox, Scott Skelton, Rick Josephsen, Charles Halm and John Josephsen.

In the shot put, Ray Peterson, Mark Willert, Frank Lemper, Gene DeMay flexed their muscles, while Matt Swaggerty, Ernie Henderson and Stewart performed in the pole vault. The high jump showed Gary Burden. Ron Gomez, Allan Brenner, Lench and Dosa appeared in the long jump.

Dotty dear I'm sorry I've been so busy lately that I haven't had time to write. I'm glad you had a nice vacation. Have a nice summer & I'll see you next year. Love, Judy

Dotty,
I've enjoyed knowing you this year. Have a nice summer & I'll see you next year. Love, Judy

Dotty,
I've really

Hi Dottie
You're a real
sweet little gal
it has been fun
having you in
classes this year.
Have fun this summer
& good luck always.

Dear Dorothy
I'm sorry I had to leave
you at the bus
station. I wanted
to stay with you
but I knew you
wouldn't want me
to miss my bus
and I'm ready
to go home.
Thanks for
everything.
Love,
Sandy

Dottie,
Thanks a million for
your hospitality
this weekend. I'm
glad I met you
and hope we
can get together
again sometime.
Be good,
Love,
Bill
